Description	Read:OutLoud® Bookshare Edition is an accessible text reader that reads Bookshare files. It is available for FREE to students qualifying for accessible materials under the Chafee amendment.	Read:OutLoud® is a text reader that provides access to accessible reading materials. The Unlimited Site License provides an affordable whole-school solution.	The ClassMate Reader is a portable text reader. Students can access and read their accessible reading materials from anywhere with text-to-speech and study tool support.	The Intel® Reader is a handheld scan and read device that captures printed text with a high-resolution camera and converts it to digital text. It then reads the text aloud while highlighting the words onscreen.
